

## Special Education Needs Support

At Morley Meadow Primary School, we believe that early intervention of a difficulty or need is crucial in supporting the child along their educational journey. It would be useful to myself and the Foundation Team, if you could let us know of any support your child has had prior to joining us. For example; speech and language support, behaviour support, hearing or hospital involvement.

Please use the space below to indicate details of the support received. If you would like to meet with me once your child has joined, please see the office to book an appointment with me.

Thank you,

Mrs Laurie Archer

Deputy Head Teacher and SENCO
